

EUROPEAN WEEK OF CYCLETOURING

Objectives of the European week of cycle touring

There is Europe of the summits, daily Europe, near to us, one and the other builds A citizen's Europe.

To allow to better know it, there is :

The European week of Cycle Touring which wants to be a festival of international scale and worldwide fame.

It will be held the third week of July in one of the countries affiliated to the European Union of CycleTouring.

The Cycle touring is before a whole practice of an activity of relaxation, leisure, and of course a sports activity with whole share. A sport without race, stop watch without classification only for the pleasure. The discovery of an area, a country in all user-friendliness, and thus to be able to link knowledge with touring cyclists coming from the four corners of this new Europe

CYCLE TOURING: Practical of tourism with bicycle.

It is the investment of voluntary which prepares with energy and passion an event during several years with the detriment of their own leisure. It is a festival of tourism for the city, the area, a very whole economy which will accommodate this large annual gathering.

An infrastructure material, financial, human important and necessary to allow these "cyclos" coming from all Europe to be able to appreciate the charms of a region through excursions suggested by other touring cyclists.

This proposal for excursions which will make it possible each one to walk to bicycle at its own rate/rhythm whatever its age and its physical condition.

The European Union aims to gather all the federations of Cycle touring of Europe and to propose with their members like with their family the one week user-friendliness of sport, tourism, culture, relaxation through this European week of bicycle touring
